

The ACCUPLACER test determines which courses you'll take at Montgomery College. Depending on your scores, you may need to take up to three semesters of non-credit developmental/review math, English and reading courses prior to taking a college-level course.

Studying for the ACCUPLACER may make a difference in your placement scores!

TIPS FOR THE MATH SECTION

1. **The ACCUPLACER Test begins with Algebra I skills** (MA 080 Mathematics Prep I/II). For most students, Algebra I was a long time ago – review basics using the sites below.
2. **Start with a [full sample test](#)** (includes English & Reading Comprehension).
3. **Determine which areas you need to review from the sample test in #2.** Study using the **Math Study Websites below**, especially the [MC Mathematics Department Topics Pages & Final Review pages](#).
4. Note: Calculators are NOT allowed for the placement test. A "pop-up" calculator will appear in some sections of the test. All sections of the ACCUPLACER Test (Math, Reading & English) are untimed.

MC Placement Testing: Contact the [Assessment Center at any MC campus](#) for Testing Hours:
 Germantown: 240-567-7739 Rockville: 240-567-7459 Takoma Park/Silver Spring: 240-567-1555

MATH STUDY Web Sites:

Some of the material from these sites may not be covered in placement testing; however, becoming familiar with basic mathematical concepts may help you feel more comfortable as you approach the test.
